

Dalata checks into London with first Maldron Hotel

Maldron Hotel Finsbury Park is the first of five new UK hotels for the popular brand over the next 12 months

November 22nd: Dalata Hotel Group PLC has created 50 new jobs with the official opening of its first Maldron Hotel in London, providing what they describe as “an epic basecamp” for guests in one of the capital’s most popular areas.

The 4* Maldron Hotel Finsbury Park is the group’s 53rd hotel in the UK, Ireland & Continental Europe and the first of five new Maldron Hotels set to open across the UK in the next 12 months.

Dalata Hotel Group, which also operates Clayton Hotels, purchased the ready-to-open 191-bedroom hotel at Finsbury Park for £44.3million and immediately invested a further £4.1 million to meet Maldron Hotels’ exacting standards.

Maldron Hotel Finsbury Park General Manager, Kirsty Monington said the hotel is the perfect basecamp for enjoying both the local area and all of London’s world-famous attractions and landmarks.

Kirsty said: “We are proud to add to the area’s growing reputation as a destination suburb. Following a successful partial opening in July we are now up to full capacity and looking forward to welcoming even more guests.

“Located on Seven Sisters Road and just a one-minute walk from the tube station, providing direct access to the Victoria Line, Piccadilly Line and Thameslink and within easy reach of Euston Station, Kings Cross Station & St. Pancras International, guests are in an ideal location for accessing London & the cities top attractions.

“These excellent transport links also make the hotel a great location for anyone visiting London for business or touring with friends or family.

“For football fans, Maldron Hotel Finsbury Park is also the perfect choice, just a short distance from Arsenal’s Emirates Stadium, while the Tottenham Hotspur Stadium is also nearby.

“Finsbury Park is just a five-minute walk away from the hotel and hosts some of London’s biggest concerts and festivals with headliners such as The 1975 and Pulp haven taken to the stage in recently.

“Given how accessible we are to central London, Maldron Hotel Finsbury Park really does provide a cost-effective alternative to city centre pricing.”

The newly opened hotel has a contemporary ground floor lobby with a spacious dining and bar area, and a well-equipped fitness suite. Maldron Hotel Finsbury Park also boasts comfortable and stylish rooms, including deluxe double-double bedrooms, all complete with rainfall showers, modern wood floors, air-conditioning, and USB charge points.

Creating the ultimate home away from home experience, the new hotel features the brand's popular Grain & Grill, which serves a carefully chosen selection of favourite dishes, and a Red Bean Roastery coffee dock serving quality barista prepared coffee.

The hotel has been designed with sustainability at its core. It has been accredited with a BREEAM Excellent rating, as well as meeting EPC A status – the most energy efficient rating a building can achieve.

As Ireland's largest hotel operator, with a growing presence in the UK and continental Europe, Dalata Hotel Group also has ambitious plans to open Maldron Hotels in prime locations including Shoreditch in South Central London, Brighton, Liverpool as well as adding a second Maldron Hotel in Manchester.

Dalata Hotel Group CEO, Dermot Crowley described London as one of the world's great cities and expressed his delight that the group has a growing footprint in the capital.

Dermot said: "We are very proud to open Maldron Hotel Finsbury Park, the brand's first hotel to open in London. But with Maldron Hotel Shoreditch opening early next year, it won't be on its own for long.

"Earlier in the summer Dalata Hotel Group also opened the Clayton Hotel London Wall which underlines our determination to grow our presence in London.

"Elsewhere the company is in expansion mode with an exciting pipeline in prime locations throughout the UK, Ireland & Continental Europe having recently acquired a landmark hotel in Amsterdam."
